

Project information

Keywords

Reindeer herding

Project title

The re-distribution of common winter pastures - a comparative analyses of land tenure pri-vatisation (REDISTRIBUTE)

Year

2015

Project leader

Marius Warg Næss

Participants

Marius Warg Næss (PI, NIKU), Bård-Jørgen Bårdsen (NINA), Ruth Mace (UCL)

Flagship

Terrestrial

Funding Source

Fram Centre

Summary of Results

A manuscript looking at the underlying rationale for privatization of rangelands in Norway and China as well as its effects has been developed. This work is still in progress and will be submitted for publication in 2016. Additionally, funding has been used for revising the science plan for WP 3 in the flagship. See below for list of results.
